I knew this was coming. There was a meeting on this today and Jennifer is summarizing. I'll ask her to include you on the distribution of her summary.

Got this question regarding the Pueblo strike. Do you know who would have these answers?

Hi Jeremy
I have a few questions related to a proposed teachers strike in Pueblo .

If the strike continues for several days, wouldn't that require make up days at some point in order to fulfill the required student contact days?

Could a strike lasting several days, or even a week, potentially affect graduation ceremonies in June? I would imagine that seniors would have to have a certain amount of hours in pocket before they can get the diploma. As always, thanks for the help
